

# RCO Ministries

in the Holy Land

Dear partners,

It is hard to believe a quarter of this year has already passed! As we are ready to welcome Spring, we find it appropriate to reflect on the blessings God has showered upon us since the beginning of 2013. We were blessed to have a good winter season with abundant rain. We even got unusual snow! The children enjoyed playing and building snowmen. The Lord has also blessed our different ministries in many ways. The couples meeting at *Ramallah Local Church* has been attracting more of the local couples and providing more satisfying fellowship in addition to opening up God's word and seeking his will for the families. We are very thankful to have found a translated new children's curriculum for our *Kids Club* that relates a wealth of Biblical material in such a practical and fun way. Both our volunteers as well as our children love it! We are also blessed to have a steady number of new kids who showed up at the opening meeting, and have been committed to attend the *Kids Club* since then! In the same vein, the young adults, most of whom are also involved in church service and leadership, are getting together every Monday to dig deeper into the Word of God and give an ear to what the Spirit is saying to them! The children at the Home of New Life have been studying hard. These last few months, they got to enjoy special outings to the new Pizza Hut that opened in town! It is a special treat for them and they love it!

Children and Leaders at New Life Kids Club

We are very thankful for the joy we experience through this ministry. It is because of your giving that we are able to be here and that these dreams are translated to realities! We are very thankful God has laid it on your heart to support us and pray for us!

Because He lives,
