*A Generation for our Lord
in Ramla, Israel*

Dear Partner,

You might be familiar with the heart wrenching challenge that comes with raising teens and bringing them into adulthood! In this day in age, keeping our teens pure and into the things of God, including church, requires a lot of prayer, planning, energy, spending, involvement, patience and faith!

Well, whether you have had teenage children of your own or not, you are entitled to have a share in our joy as proud parents! As we have written previously, through your participation in this ministry, the Lord has been raising up some amazing teens who are now young adults dedicated and fired up for the things of God and His Kingdom! Only minutes away from Tel Aviv, in the city of Ramla, Israel, surrounded by all sorts of anti-Christian currents—be it radical religiousness, worldly corruption, or atheistic mindsets—these young adults are full of the Holy Spirit and shining the light of Christ in a time and a place where it is extremely needed!

These are some glimpses from a recent retreat that took place near the Sea of Galilee. It was these young adults who took charge of the retreat arrangements. They invited some of their non-church going family members to attend. By the end of the retreat all those they invited have committed to live for Christ. One of those who resisted their faith the most at the beginning of their conversations was compelled to stop for baptism in the Jordan river on their way back (pictured below).

We are in the process of enlarging the space of worship in Ramla in expectation of what the Lord is ready to do there, and will continue to share with you more about this in the coming months.

In the meantime, please pray with us and consider giving towards this cause! Thank you for being faithful.

In Christ,
Munir & Sharon Kakish
along with Michael & Jackie Kakish

Some glimpses from the retreat in Tiberius!
