**All your children
shall be taught by the LORD,
and great shall be the peace of your children.**

Isaiah 54:13

Dear Partner,

Children are the future of this world! As we start another school year we are humbled by the children that God has entrusted to us! The hurt in these children is almost palpable. I wish we had a magic band aid to put on the hurts and heal them! However, we know that in time and with God's love these children can be saved and grow up to be productive, Christian adults. Here are the precious boys that have joined the **Home of New Life** for the new school year:

Abdallah and Mario come to us from a small village in the West Bank near Ramallah. Abdallah is in 8th grade, Mario in 5th. They are very sweet well mannered boys who have a heartful of hurt due to family problems. Their father deserted the family and has recently suffered a heart attack. Their mother has been working very hard to try to support her family of 10 children. They are extremely poor. The boys are thrilled to be in a home with love and security.

Abdallah

Tarek is another sweet boy from a very poor family. His father cannot find employment. They live in 2 rooms and an elderly grandmother lives with them also. Tarek is a quiet but well behaved boy. He is thrilled to be in the **Home of New Life** where there are scheduled meals, study time, and he knows there is love. He immediately fit into the Home, and we know that God can help him succeed in life.

Please continue to pray for these boys and for the ministries here.

You are a part of this mission! We pray that you continue to taste the Lord's blessing as you partake in the work that is taking place in this land.
